

RULE NO. 22

SEWER SERVICE RULES, RATES, FEES AND CHARGES

In addition to any fees, charges or rates established in the preceding Rules, the following shall apply as to sewer service:

I. SEWER RATES FOR SERVICE CLASSIFICATIONS -GENERALLY

A. Availability And Requirement Of Sewer Service:

Sewer service is available and is required to be obtained from the District to the property of Customers in all applicable service classifications defined in Rule No. 1 for real property within the service boundaries and legal boundaries of the Sun Valley General Improvement District, per the District Rules and/or Regulations validly adopted by Board of Trustees, to the extent the District has allocated to it sufficient capacity therefore in the Truckee Meadows Water Reclamation Facility.

B. Modifications To Existing Sewer:

Any existing customer who makes modification to his existing sewer in size, character or extent of the equipment or operations for which the service is utilized shall immediately file with the District a modification form.

Upon receipt of such form, the District will determine the following:

If the modification is to any commercial or industrial property and results in an additional new or separate use of the property by an additional and separate commercial or industrial business, all appropriate charges set out in this Rule shall apply to the customer, as a new customer. It shall be presumed that if a customer receives a new business license for such additional business, and/or building permit for such modifications these charges apply.

C. Water Meter Requirement:

For property under any service classification as defined in Rule No. 1 desiring or being mandated by law to utilize the District's sewer system, the sewer rates, fees and charges therefore are to be based on water utilized at

such property, whether such water be supplied to such property by the District or through that property owner's own independent sources, such as a private well. For such purposes, therefore, any property owner desiring or being mandated by law to utilize the District's sewer system to serve such property within the District's boundaries shall, if not utilizing the District's water system and associated water meter at the time of connection to the District's sewer system, be required to have a water meter installed on the property to be served with the District's sewer service, such installation being at the point where the Customer's water supply enters a commercial building, single-family dwelling, mobile home, multiple-unit complexes including apartment complex or separate defined portion thereof or any structure of any type wherein are located fixtures which result in discharge to the District's sewer system.

1. The District shall be requested by the Customer so to install the water meter for such purposes, by written request therefore to the District so far in advance of the date of installation as reasonably required by the District.
2. The Customer shall pay to the District the actual costs of installation of said meter, based on an amount equal to the time and material expended by the District in said installation.
3. The meter shall remain the property of the District, but Customer shall be responsible for maintenance and upkeep of associated lines and other private water system devices utilized by the District.
4. By his written request to install said meter, the Customer consents to the District's installation of same and agrees to hold the District and its officers, agents and employees acting within the scope of their duties of employment hereunder harmless from any liability in connection with the said installation unless such liability arises due to negligence of such officers, agents and employees. Further, by said written request, the Customer agrees to be bound by this Rule as they relate to sewer service, as well as, pursuant to Rule No. 21 II b and Rule No. 19.

D. Properties With Well Water Capability:

In the event any property within the District served by the District water system also has an existing serviceable well with which well the inhabited or occupied improvements on the property could be served with water and which well does not have a water meter installed to measure water supplied from such well to said improvements, the District reserves the right either to install such meter per the provisions set forth in I C above or to provide some method of assurance satisfactory to the District that the water capable of being pumped from such well is not in fact being utilized by the property owner or Customer to serve such improvements in such a manner that would allow discharge into the District's sewer system. The cost of such meter shall be paid by the Customer pursuant to I C above, as shall

the cost of the latter alternative. Provided, however, that no multiple-unit residential, commercial or industrial buildings shall be allowed to be served through well water.

E. Special Charges For Unauthorized Uses (Sewer Use Ordinance):

1. The District adopted, on September 10, 1981, "Rules of Operation - Sewer Division" which Rules, inter alia, prohibit, at the second paragraph thereof, the discharge into the District's sewer system of certain water or wastes.
2. In addition to the payments required pursuant to "Surcharge" II C 6 below, in the event any user of the District's sewer system is found to be violating such Rules of Operation, as they may be from time to time amended, the District may, at its discretion, discontinue sewer and/or water service to said property until the owner thereof shall demonstrate to the District's satisfaction his ability and intent to comply with said Rules of Operation as to prohibited discharges. Further, in the event the District is subject to payment by a governmental agency of a fine, fee, penalty or any other charge involving payment of funds of the District to a governmental agency because of such discharge, before such water and/or sewer service is re-established to the subject property, the District shall be reimbursed by the property owner for the amount of such fine, fee, penalty or other charge paid by the District.

F. Guidelines For Customer Charges:

The charges set out in Sections II and III of this Rule are based upon the actual use of the District's system by the respective customers' properties located within District boundaries. Each customer is, under this system of charges, to pay its proportionate share of operation and maintenance (including replacement) costs of the District's sewer system, based on the customer's property's proportionate contribution of wastewater, or will be based upon in the future, factors such as, volume and loading characteristics. The costs of operation and maintenance for sewer flow not directly attributable to the property of customer (i.e., inflow and infiltration) are distributed among all customers of the system in the same manner that it distributes costs of operation and maintenance among customers for actual use.

G. Accessory Dwelling:

A Customer applying for service to an Attached Accessory Dwelling or a Detached Accessory Dwelling, as defined in Rule No. 1, shall comply with the following conditions before service is supplied:

1. The sewer service line to service an Attached Accessory Dwelling shall be an extension of the service line servicing the main residence. The sewer service line to service a Detached Accessory Dwelling shall be a separate sewer line, with a separate and independent tap into the sewer main. On a case-by-case basis and in its discretion, the District may allow for an extension of the existing service line servicing the main residence. All inspections thereof shall be made and fees therefore shall be paid, as with new construction.
2. The Customer shall, if required by the District, pay the current Sewer Facilities fee.
3. The Customer shall comply with the District's construction and inspection specifications (i.e. the Green Sheet), and the construction shall be inspected by the District prior to any use.
4. Attached Accessory Dwelling or a Detached Accessory Dwelling will be billed in accordance set forth in this Rule.

H. Infirm Care Unit:

A customer applying for service to an Infirm Care unit, as defined in Rule No. 1, must comply with the following conditions before service is supplied:

1. The customer must first apply for and receive an Administrative Permit from Washoe County for the occupancy of such infirm care unit.
2. The customer shall then apply, on a District-provided form, for temporary occupancy of the Infirm Care unit in the District. Such District form shall require, and the customer, by making such application, does agree that:
 - a. Suitable medical documentation supporting the need for the infirm care until must be supplied with the application.
 - b. All provisions of the District Rules and/or Regulations for sewer service to a residential unit must be met. These provisions include the application of all District inspection and approval of sewer service lines to the unit prior to occupancy.
 - c. The property owner must either be the caregiver for an immediate family member, or the actual infirm person.
 - d. The Infirm Care unit may not be transferred to another individual and/or property.
 - e. Any approval of such unit is automatically cancelled upon any transfer of ownership of the real property, upon which the unit is located, unless the District's approval is first obtained.
 - f. District staff, on initial approval, and the Board of Trustees on any subsequent renewal, may make any additional conditions to approval of the unit as are required in the particular circumstances of the Infirm Care situation.
3. All Infirm Care units are strictly temporary in nature, and continued occupancy thereof is not permanent or guaranteed by the District. If approved by District staff, the initial approval expires twelve (12) months from the date of issuance. If renewal of the approval of the infirm care unit is desired by the customer, prior to such expiration

the customer shall provide an active Administrative Permit issued by Washoe County and/or request to be placed on the agenda for a regular meeting of the Board of Trustees to consider such renewal. Customer shall supply a new set of medical documentation supporting the need for the continuation of the Infirm Care unit. The Board of Trustees, in its sole discretion, and whether or not such medical documentation is supplied, may for any legal reason approve or disapprove the renewal of the unit for an additional period of six (6) months from the date of expiration of the initial approval. Thereafter, the same process must be followed by customer every six (6) months from renewal of the unit until the unit is no longer in use.

4. The sewer service line for the unit shall be inspected and approved by District staff as meeting all current District regulations therefore, in advance of occupancy of the unit.
5. The additional unit charge will be charged pursuant to II B of this Rule.

I. Maintenance:

The District will not be responsible for the installation and maintenance of the sewer lines beyond the cleanout at property line.

It shall be the owner's and/or Customer's responsibility to determine that on-premises fixtures and piping shall conform to the requirements of all State, County or Municipal ordinances, laws and regulations and the District Rules and/or Regulations and that they be properly maintained.

J. Right Of Access To Premises Of Customer:

The District or its duly authorized agents shall have at all reasonable times the right to ingress and egress from the Customer's premises for any purpose properly connected with the service of sewer to the customer or maintenance of sewer mains or manholes that are within or run through private property. Removal of any restrictive object such as, but not limited to, fence, vehicle, trailer, structure, trees/shrubs and etc. will be removed and Customer will be responsible all associated costs with accessing sewer facilities.

K. Responsibility For Loss Or Damage:

The District will not be responsible for any loss or damage caused by any negligence or wrongful act of a Customer or his authorized representative in installing, maintaining, operating or using any or all appliances, facilities or equipment for which sewer service is supplied.

The Customer will be held responsible for damage to the District's facilities and other property resulting from the use or operation of appliances and facilities on Customer's premises.

II. SEWER REVENUE SYSTEM

A. The Capitalization Fund:

The capitalization fund shall provide funding for capital expenditures and all other non-Operating Maintenance and Replacement costs as the Board may consider appropriate, including redemption of the principal and payment of the interest on sewer bonds.

1. Revenue Components for the Capitalization Fund shall include:

a. Service Charges:

Assessed customers to recover non-Operation, Maintenance and Replacement costs (for which the User Charge System is not appropriate) including the Sewer Facilities Charge (hookup) and the Monthly Capitalization Charge. The rate of the Capitalization Charge shall be established by the Board of Trustees and customers shall be notified of the charge as a portion of their monthly Sewer Fee bill pursuant to Rule No. 5.

b. Revenue Offsets:

These include funds generated through activities other than wastewater treatment services including sales of excess equipment or facilities. However, Revenue derived from the sale of treatment-related by-products shall accrue only to the User Charge System.

B. Fees, Penalties & Extraordinary Charges:

These are collected by the District and not related to regular Operation, Maintenance and Replacement expenses, and shall accrue to the Capitalization Fund.

C. The User Charge System:

The user charge system shall be based on actual use of the District's wastewater treatment facilities. Each user (user class) shall pay its proportionate share of Operation, Maintenance and Replacement costs based upon his actual contribution to the flow volume and loading of the plant, thereby assuring the fiscal self-sufficiency of the facility over its useful life. The User Charge System shall include:

1. A Financial Management System shall prescribe accounting budgetary procedures to accurately depict revenue requirements and procedures to generate revenue sufficient to operate and maintain the plant.
2. Separate Accounts shall be maintained for the User Charge System and the Capitalization Fund.
3. Operation, Maintenance and Replacement costs of the treatment system shall be enumerated through a line item budget including the following categories:
 - Salaries and Wages
 - Indirect Salary and Wage Costs
 - Contractual Services
 - Materials and Supplies
 - Utilities
 - Equipment Replacement
 - Administrative Expenses

Operation, Maintenance and Replacement costs shall include the costs required to achieve and maintain compliance with discharge permits.

4. The User Charge Rate shall generate revenue sufficient to meet Operation, Maintenance and Repairs costs and maintain a prudent equipment reserve thereby assuring the facilities fiscal operational

viability, through charges to customers which are proportionate to their usage (volume and loading).

5. Annual User Charge Rate: The Annual User Charge Rate per 1,000 gallons shall be based on the following formula:

$$\text{Annual User Charge Rate} \\ \text{Rate} = \frac{\text{Operation, Maintenance \& Replacement Costs}}{\text{Total Volume}}$$

6. Industrial/Commercial Surcharge:

A surcharge shall be levied upon any customer whose property's discharge loadings exceed those found to be the average amongst the predominant user class (residential).

The Surcharge shall be based on treatment cost of loadings over standard levels. The standard is the local domestic wastewater strength, which follows:

<u>Parameter</u>	<u>Domestic Wastewater Strength</u>
BOD5d Inhibited	151 mg/l
SSd	149 mg/l
Pd	11.2mg/l

In order to protest the surcharge before the Board of Trustees the customer will be required to have ten (10) days of sampling from a State of Nevada Certified Lab.

III. SEWER RULES, RATES, FEES AND CHARGES FOR RESIDENTIAL SERVICE CLASSIFICATION

A. Applicability:

To all properties defined under domestic or residential service classifications in Rule No. 1 located within the District's Service Area and connected to the sewer system owned and operated by the District.

B. Sewer Service Charge:

1. User Charge Component:

- . Based upon metered water consumption, each Customer in each single family dwelling unit or having residential service shall be billed at the rate of **\$4.50** per each 1,000 gallons of water metered. Each Customer in each single-family dwelling

unit shall be billed the above rate based on 100% of their metered water consumption during the months of December, January and February (due to the District's billing cycles this consumption means metered water consumption during a consecutive three month period from December through March). The average monthly consumption during that period shall establish that specific Customer's monthly billable quantity for sewer service for the remainder of the year, unless the monthly discharge is less than the average monthly consumption, in which event the billing shall be based on metered water consumption for that period. The minimum sewer consumption charge for all residential customers will be billed at **500 gallons per month**.

- a. In the event of excessive loadings, the surcharge defined in II C 6 above shall also be paid monthly.

2. Capitalization Fund:

- a. In addition to the sewer service user charge component established above, each Customer in each single family dwelling unit or having residential service shall also pay the flat monthly sum of **\$19.00**.

- b. Multi-Unit Charge:

Where Applicable - For each unit in excess of one (1) unit served from a single metered service connection, the unit charge shall be **\$19.00** per unit.

C. Establishing Sewer Service Charge:

In the event a person becomes a Customer of the District at such a time of year as not to be able to establish the discharge component of the sewer bill set forth in III B 1 above, such component, pending calculation of same per the method set forth in III B 1 above, shall be the average of such component for all existing residential service classification Customers.

D. New Customer Set-Up Fee:

For initiation of service to a new Customer, the District shall charge the Customer **\$15.00** to defray initial costs of establishing sewer records and

billing procedures for such Customer. All requests for physical connection to sewer shall be complied with during regular working hours, if possible, on the date of the request, as conditions permit.

E. Emergency Service Fees:

In the event that customer or property owner requests District personnel to inspect and/or repair sewer service and it is, upon such inspection or repair, determined by such District personnel that the cause of the need for such inspection or repair was not the responsibility of the District (i.e., blockage on customer's private lines, etc.) then there shall be added to the monthly bill for the premises a minimum charge of **\$40.00** for such services supplied after normal District working hours. (District Utility Fee Schedule, referenced in Rule No. 23 as Exhibit 23).

IV. SEWER RULES, RATES, FEES AND CHARGES FOR RESIDENTIAL MULTIPLE UNIT COMPLEXES SERVICE CLASSIFICATION

A. Applicability:

Properties defined under Residential Multiple-Unit Complexes as defined under Rule No. 1 located within the District's Service Area and connected to the sewer system owned and operated by the Sun Valley General Improvement District.

B. Sewer Service Charge:

1. User Charge Component:

Apartment complex and mobile home parks serviced by a master meter, having domestic service shall be billed at the flat charge of **\$41.50** per unit and will be billed whether or not unit is occupied; charge is based on District' Operation, Maintenance & Replacement costs as defined in II C above.

C. New Customer Set-Up Fee:

For initiation of service to a new Customer, the District shall charge the Customer **\$15.00** to defray initial costs of establishing sewer records and billing procedures for such Customer. All requests for physical connection to sewer shall be complied with during regular working hours, if possible, on

the date of the request, as conditions permit.

D. Emergency Service Fees:

In the event that customer or property owner requests District personnel to inspect and/or repair sewer service and it is, upon such inspection or repair, determined by such District personnel that the cause of the need for such inspection or repair was not the responsibility of the District (i.e., blockage on customer's private lines, etc.) then there shall be added to the monthly bill for the premises a minimum charge of **\$40.00** for such services supplied after normal District working hours. (District Utility Fee Schedule, referenced in Rule No. 23 as Exhibit 23).

V. SEWER RULES, RATES, FEES, AND CHARGES FOR COMMERCIAL AND INDUSTRIAL SERVICE CLASSIFICATION

A. Applicability:

To all properties defined under Commercial and Industrial service classifications as defined in Rule No. 1 located within the District's Service Area and connected to the sewer system owned and operated by the Sun Valley General Improvement District.

B. Sewer Service Charge:

1. User Charge Component:

Based upon metered water consumption, each Customer in each commercial or industrial unit shall be billed at the rate of **\$4.80** per each 1,000 gallons of water metered.

In the event of excessive discharge loadings, the surcharge defined in II C 6 above shall also be paid monthly.

2. Capitalization Component:

In addition to the sewer service user charge component established above, each Customer in each commercial or Industrial unit shall also pay the flat monthly sum of **\$19.00**.

3. Multi-Unit Charge:

Where Applicable - For each unit in excess of one (1) unit served from a single metered service connection, the unit charge shall be **\$19.00** per unit.

C. New Customer Set-Up Fee:

For initiation of service to a new Customer, the District shall charge the Customer **\$15.00** to defray initial costs of establishing sewer records and billing procedures for such Customer. All requests for physical connection to sewer shall be complied with during regular working hours, if possible on the date of the request, as conditions permit.

D. Emergency Service Fees:

In the event that customer or property owner requests District personnel to inspect and/or repair sewer service and it is, upon such inspection or repair, determined by such District personnel that the cause of the need for such inspection or repair was not the responsibility of the District (i.e., blockage on customer's private lines, etc.) then there shall be added to the monthly bill for the premises a minimum charge of **\$40.00** for such services supplied after normal District working hours. (District Utility Fee Schedule, referenced in Rule No. 23 as Exhibit 23).

VI. SEWER SERVICE CONNECTION RULES, RATES, FEES AND CHARGES

A. Separate Services:

As to each commercial or industrial premises constructed after the effective date of this Rule, a separate sewer lateral shall be required for each unit of commercial or industrial property, whether or not the same are adjacent and/or owned by one person.

B. General Sewer Facilities Charges:

1. For the availability of sewer service, the District shall charge and the Customer shall pay a fee based upon factors including, but not limited to, the District's current investment in the sewer system, system development costs and the cost of capital. This fee shall be separate and apart from the costs of construction of private yard

lines and house piping upon the Customer’s property, which costs of construction are the sole responsibilities of the Customer. The General Sewer Facilities Charge shall be based upon service level and water meter sizes, as stated below. A minimum General Sewer Facilities Charge shall be set at the same as a single-family unit (3/4 inch meter) per apartment unit.

<u>Water Meter Size</u>	<u>Fee</u>
3/4 inch	\$ 6,340
1 inch	\$ 7,982
1-1/2 inch	\$ 10,582
2 inch	\$ 13,482
3 inch	\$ 20,482
4 inch	\$ 30,482
6 inch	\$ 55,482

All sewer fees set forth in this Section shall be paid in full to the District prior to sewer plan submittal for review and/or approval by Nevada Department of Environmental Protection or Washoe County Health Department, issuance of Will Serve Letter, and commencement of construction of improvements on subject property.

Provided, however, that for any improvement to real property, proposing single family residential use, whether by parcel map or subdivision map, the Customer/Developer may request, in writing, the applicable below deferred payment option to pay the General Sewer Facilities Charge for each parcel under the following agreed terms. Charges may not be deferred for any project which includes commercial, or multi-family/multi-unit dwelling uses such as apartment complexes and mobile home parks.

Payment Option:

- a. One-third of the Sewer Facilities Charge paid at the time to the District prior to the sewer plan submittal for review and/or approval by Nevada Department of Environmental Protection or Washoe County Health Department, and issuance of Will Serve Letter.

TARIFF SCHEDULE
SUN VALLEY GENERAL IMPROVEMENT DISTRICT

- b. One-third of the Sewer Facilities Charge paid at the time of commencement of construction of improvements upon the parcel, including grading and utility trenching.
- c. One-third of the Sewer Facilities Charge paid at the completion of improvements upon the parcel or at time of the customer's request for sewer service to the parcel.

No Customer/Developer may have in excess of one parcel map/subdivision project with payments being made under the above schedule pending completion of the payments to the District at any one time. For these purposes, "customer" includes family members of the customer and what would be, in the District's sole discretion, the customer's closely related business entities.

The District shall have a lien on the subject property for any payments due under this Rule.

Right to make partial payments allowed herein shall not be transferable to a new owner without the District's prior written approval. In the event that any one or more of the up to four (4) parcels subject to this partial payment schedule shall be sold or transferred to another owner in any manner whatsoever, the balance of the partial payments unpaid at the time of transfer of such parcel(s) shall be paid in full.

2. Refund Procedure:

In the event an applicant cannot develop parcel(s), any request for a refund must be approved by the board of trustees. Consideration of District bonded indebtedness obligations and the District's financial condition shall be of primary importance in decisions on such refunds. Refunds shall be considered only on a case-by-case basis. All requests for refund of facility fees must be submitted in writing no

later than six (6) months from the date of payment of first payment of facility fees. Refund will be subject to **\$100.00** administrative fee, per occurrence. No refunds will be considered if map has been recorded or if taps have been installed.

C. Customer Refusal To Connect:

In the event a customer or owner of property fails neglects or refuses to connect the Customer's property to the District's sewer system when required and within the time allowed by the District, the District shall take whatever steps are appropriate to cause such connection to be made at the earliest possible date. These steps include, but are not limited to:

1. Reference of the failure to legal counsel for the District and/or the attorney General of the State of Nevada and/or the District Attorney of Washoe County for criminal prosecution for such failure, as allowed by law.
2. Imposing a charge to the Customer or owner against the subject property, which charge shall be denominated a "standby sewer service charge." Such charge shall be in an amount equal to the monthly sewer service charge otherwise charged to the Customer had such property been properly connected to the District's sewer system, as calculated by reference to the District's records regarding the subject property and by referenced under this Rule regarding sewer service fees and charges. Such charge shall be billed monthly commencing not earlier than the first regular billing due upon the subject property after failure to connect as required herein and, in the first billing, also shall be included the sewer connection fee for such property effective on the date of the first billing. In the event such billing is not paid within the time required in these Rules, the provisions of these Rules, including Rule No. 5 hereof, shall apply as to such non-payment.

D. Sparks' Inspection Fees:

All properties defined under Commercial and Industrial Service classifications in Rule No. 1 shall be subject to annual wastewater inspection performed by the City of Sparks, and also be assessed by the City of Sparks for wastewater inspection fees charged to each separate Commercial-and/or-Industrial classified property.

E. Tap Fee:

The installation of sewer taps will be billed to the applicant at the actual cost of installation in terms of District staff time, equipment and material upon completion of work. Due to the differences in sewer main depths and soil

conditions, a firm estimate of cost cannot be given. A deposit shall be paid to the District, based on District's estimate of actual job costs. When pavement removal and replacement are required, an additional deposit based on the size of the street cut will be required.

F. Additional Charges:

In addition to the tap fee set out above, the applicant shall also pay the actual cost to the District of any street cut permit and of pavement cutting, removing and replacement. In the event a tap is requested by the applicant to be performed outside of the District's regular working hours as set by the District, the applicant shall also pay the regular overtime wages paid by the District to its employees and agents performing said tap.

G. Refund Procedure:

In the event an applicant cannot develop parcel(s) and taps have not been completed, any requests for a refund must be approved by the Board of Trustees. Consideration of District bonded indebtedness obligations and the District's financial condition shall be of primary importance in decisions on such refunds. Refunds shall be considered only on a case-by-case basis.

H. Special Conditions:

1. The User Charge System described in this Rule shall take precedence over the terms & conditions of any agreements or contracts to which the District is a party which are inconsistent with the requirement of the Water Quality Act (as amended 1986) and the applicable regulations of the U.S. EPA.
2. All street cut permits will be obtained by the District personnel, unless construction is being done by the contractor in which case the contractor or property owner will obtain the permit.
